

# SANTA BARBARA COUNTY FIRE DEPARTMENT

ERIC L. PETERSON  
FIRE CHIEF

4410 Cathedral Oaks Road, Santa Barbara, CA 93110

## **PUBLIC SERVICE ANNOUNCEMENT**

### **FOR IMMEDIATE RELEASE**

#### **- Visible Numerical Address -**

SANTA BARBARA, Ca. June 15, 2015 – If you have an emergency at your home or business, we can't help you if we can't find you. The Santa Barbara County Fire Department reminds you when you call to request assistance; a vital piece of information is your address.

It is important that you have your address visible so that emergency vehicles responding to your aid will be able to reach the scene in a timely manner. The numerical address should be at least 4 inches in height for residential buildings and 6 inches for commercial buildings. Additionally, the address should be attached to a contrasting background and be readily visible from the roadway. It is also helpful if the numbers are reflective so they're visible at night.

By posting your home or business numbers, you will be helping us help you without unnecessary delays. For more information regarding the placement of addresses in your community, contact the Santa Barbara County Fire Department at 805 681-5500.
